# SUMMIT AUTOMATION WARRANTY

The Limited Warranty applies to physical goods, and only for physical goods, purchased from Summit Automation and is good for one (1) year from the initial purchase date.

# What does this Limited Warranty cover?

This Limited Warranty covers any defects in material under its intended use during the warranty period.

Upon receipt of the returned material, Summit Automation will, at their sole discretion, repair or replace, at no charge, products or parts of a product that prove to be defective under their intended use.

In order for the Limited Warranty to be valid, our system must have been installed by a Summit Certified Installer (or else the Limited Warranty is void). Please provide the name and contact information for the original installer.

# What will we do to correct problems?

Summit Automation will either repair the product at no charge, using new or refurbished replacement parts.

## How long does the Limited Warranty coverage last?

The warranty period for physical goods purchased from Summit Automation is one (1) year from the date of purchase.

## What does this Limited Warranty not cover?

This Limited Warranty does not cover any problem that is caused by:

- ~ Conditions, malfunctions, damage not resulting from defects in the material, and material not being used based on their intended use and gualification
- ~ Replacement Batteries
- ~ Labor (contact the original installer for labor warranty coverage)

#### What do you have to do?
